

# Maximum Versatility Maximum Value

## L4+

- Auto-Leveling
- High Power Red Beam
- 1000' Radius with Receiver
- 1/16" Accuracy per 100'
- Vertical Capability
- Plumb / 90° Beam

Guardian Warranty • **36 MONTHS** • Guardian Warranty

NEW CITY SIDEWALK

211.62 NB  
LANDSCAPING

## Interior or exterior, the **L4+** delivers high performance.

Compare the features and specifications of the **L4+** against any other laser at anywhere near its price. With precision auto-leveled 10 arc second accuracy, a bright red beam, 1000ft radius / 2000ft diameter with the R7 receiver, vertical capability, a 90° plumb beam and the best warranty in the business, the **L4+** blows away everything else in its price class and many that cost far more.

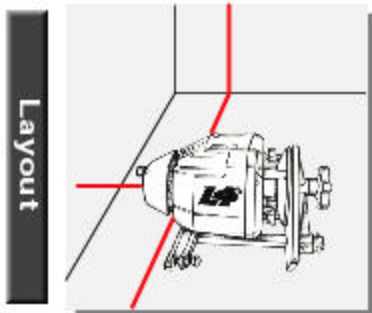

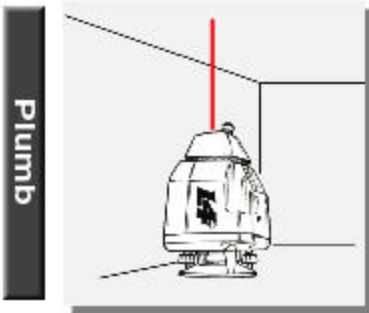

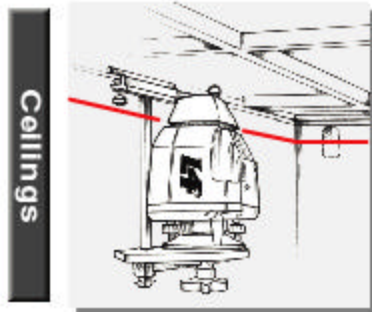

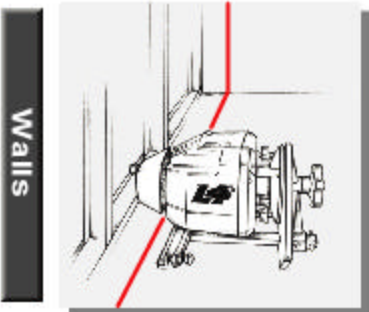

Superior beam power gives you plenty of brightness to get full 360° coverage. Your entire crew can use the beam at all times, unlike lasers with weaker beams that have to scan a small area to be seen. For pro contractors of all types who work the big jobs, the **L4+** provides a great set of features at an unbeatable price.

Indoors or out, the **L4+** helps you perform at the top of your game. Don't settle for less.

Distance (with R7) rad./dia.	1000ft /2000ft (305m/610m)
Leveling Accuracy .....	±10 arc sec. (1/16" per 100') (1.6mm per 30m)
Self Leveling Range .....	±10 arc minutes
Compensator Type .....	Wire hung, air damped
Rotating Beam Power .....	3mW (nominal) class IIIa
Laser Wavelength .....	635nm bright red
Vertical Capability .....	Built-in vial, mount included
Power Supply .....	Four C-cell batteries
Battery Life .....	70 hours (alkaline)
Auto Shut Off (level mode) .	When off-level >30 minutes
Re-chargeable Batteries ....	Available option
Environmental .....	Dust and water resistant
Rotation Speed .....	0 to 600 r.p.m.

**LASER  
REFERENCE**

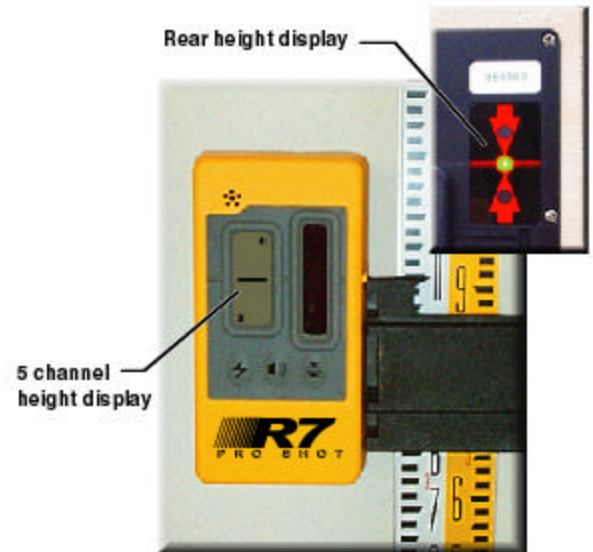

**Don't settle for less. Let the **L4+** put you in control of all your jobsite alignment needs.**

## **R7**

State of the art receiver technology at a great price. Delivers maximum performance with Pro Shot™ laser transmitters.

Reception Height .....	2 inches (50mm)
Reception Angle .....	120 degrees
Standard mode accuracy .....	±1/16 in. (±1.6mm) nominal
Coarse mode accuracy .....	±1/8 in. (±3.2mm) nominal
Ultra-fine mode accuracy .....	±1/64 in. (±.4mm) nominal
Power Supply .....	9 volt battery
Battery life (alkaline) .....	60 hours continuous
Automatic Shut Off .....	After 12 min. (no laser strikes)
Environmental .....	Sealed against dust and water
Rotation Compatibility .....	250 to 850 R.P.M.
Rod Mount Clamping Range ..	5/8in to 2-1/2in (16mm-65mm)
